College Aspirations Scholarship

Name: Merle Hayes III
Address: 874 Howland Rd
Your city/town: LaGrange Me Zip Code: 01453
What is your parent(s) or guardian's name? Stacey Robichaud Merle Hayes JR
What school do you attend? Marion Cook School What grade are you in? 5
Who is your teacher? Miss K
What is the name of the college or university nearest you? UMC

\$100 College Aspirations Scholarships will be awarded by members of the communities served by Brownville Elementary School, Milo Elementary, and Marion C. Cook School, and by Maine College Circle.

Scholarship recipients will be 3rd - 6th grade students who attend school in the communities served by Brownville Elementary School, Milo Elementary, and Marion C. Cook School, and who best demonstrate effort -- effort to do well in school, effort to pursue a college education, effort to reach their goals, and effort to complete this scholarship application especially well.

Completed applications must be given to your teacher by April 15, 2012. Recipients will be announced in May. These college scholarships will be awarded at a ceremony in May. Winners will receive their \$100 college scholarship (plus interest) at the time of enrollment in an institution of higher education.

To the applicant:

On a separate sheet of paper please write an essay that answers the following questions. Feel free to include schoolwork or any additional work that supports your interest in this college and career, and your effort to reach these goals. Be sure to put your name on your essay and on any additional information you might attach, and attach them to this sheet.

- 1) What do you enjoy doing today that might make a great career for you in the future? Why do you think it might be a good career for you? Please support your answers with details.
- 2) What can you do today to prepare for this career? What will you need to study in college? Please identify one or several colleges that might be especially good for you to help you prepare for this career.

Future of Maine

College Aspirations Scholarship

Application Number: 11/15/15

Effort in school: 1 2 3 4 5 6 7 8 9 10
 Effort on this application: 1 2 3 4 5 6 7 8 9 10

To the teacher:

Please assess this student's level of effort in school and on this application. 1 = Level of effort is minimal. 5 = Adequate. 10 = The student's work shows his or her highest level of effort possible. *Please circle one in each category.*

Effort in school: 1 2 3 4 5 6 7 8 9 10
 Effort on this application: 1 2 3 4 5 6 7 8 9 10

Please add comments to support your student's commitment to these goals, below or on a separate sheet of paper. *Thank you for all you do to support opportunities in education for this student and many others!*

~~Oh~~ I think he would be a good at doing his job. He works in the garage with his dad. He know alot about different vechial and there parts.

To the parent or guardian:

Please add comments to support your child's commitment to these goals, below or on a separate sheet of paper

See attached Teacher Note.

Merle "Sonny" Hayes is a wonderful young man with a great sense of humor. He looks out for those may need some assistance to grasp a new concept and helps keep them on track.

Sonny enjoys working in the garage with his Dad. His stories are often filled with four wheelers, dirt bikes, derby cars, trucks, and snowmobiles. He loves taking machines apart, fixing them, and putting them back together.

This scholarship would mean so much to Sonny and his family as he continues his education.

When I hear my dad fixing my snowmobile I want to help him. I want to be a mechanic when I get older just like my Dad.

To prepare for my future, I can help my dad fix things like our snowmobile or my mom's van. Her van is always breaking down. If Dad and couldn't fix it, we'd have to stay home all the time. I want to help people by fixing their cars or other motorized vehicles. A mechanic can fix a car that has a blown motor and they can also fix a broken transmission.

I want to go to either EMCC or WCCC. EMCC is located in Bangor and WCCC is in Washington County. I picked these two colleges because they are both in Maine and I want to stay in Maine. In college I will need to take classes in math, science, engine repair, and public speaking. EMCC provides exactly what I need to become a mechanic. I would like to go and visit the campus.

I have been fixing cars since I was five years old. The first car I worked on with my Dad was a Demolition Derby car. We did not win the derby but we had a great time. I've also helped Dad fix his truck . I fixed the slave cylinder on it. It is a round plastic jug that has a cap on it. One more thing I can do to be better prepared is that I will take many things apart and put them back together. There is alot I need to know to be a good mechanic.

I hope you in enjoyed reading my essay. It would mean so much to me to win a Scholarship. Thank you for the Scholarship I won two years ago. EMCC is were I really want to go to school. No one in my family has been to college. I will be the first one and will make my parents proud.

Scholarship for the USMC

Guns firing, people screaming, bad guys everywhere, this is what will be rushing through my mind when I'm an adult. The reason why is because I'm going to be a Marine. I've wanted to be a marine ever since I was little.

What I do today so I can go to college is get my work done. I try to get my work done on time. I read war books, and watch war movies. I go online and study about the Marine Corps. I listen to the adults and I have self control. The reason why I want to be a marine is because I want to serve my country.

To learn more about this career I'll study more about the Marine Corps. I'll get more fit and build more muscle. I'll also train my reflexes.

My college will be West Point Military Academy. The reason why is because West Point is a military academy. I will have to take leadership, public speaking, writing, Military history, Military strategy classes and ROTC training classes.

Please give me a scholarship. It would mean a lot to my family because I would be the first person to go to college in my family.

It was a rainy day in the woods.

When we came out, there was a Game Warden waiting. He said, "Did you get anything." I said "No" and so did my dad. Then the Game Warden said, "What do you want to be when you grow up?" I said "I want to be a Game Warden so I can help animals." He said, "Well that is a good career." He left right after that.

To be a good Game Warden you have to have good coordination and one of the most important things is knowing good gun safety and good motor skills. You have to listen to what people say that are defending themselves. One of the bigger things is you have to be in very good shape have to know how to deal with wounded animals. Because if they are wounded they are very defensive so that they can die on their own. Plus they think you are the one that hurt them.

I also love the outdoors. Being outside is my favorite thing to do. The things you can do outside are endless like hunting, fishing, building cabins, and riding bikes.

Like the time I saved the squirrels that were abandoned by their mother they ran away in a month. A year ago there was a baby bird that my cat caught and it was a baby. I saved him and then I set him free once he could fly. He came back this winter and he remembered me enough that I could hold him. I hope that I can help more animals than that. But if I become a Game Warden that could become the real thing. Then I could help bigger animals than just squirrels and baby birds. I could help moose and deer and even bobcat.

You must take the hunters safety course. You have to be able to deal with any type of situation like maybe someone that is drunk and has a gun. They may not want you to take away something they shot like a deer or a moose. You have to be able to persuade them to put the gun away or give it to you.

And that is why I want to be a Game Warden.

Thank you to the game warden who inspired me to become a Game Warden.

THANK YOU.

No college.

College Scholarship Essay

by Bailey Weston

Hands throbbing, fans cheering, the steady beat of the music, that's what it feels like to be a percussionist !! Being a percussionist takes a lot of courage. I like being courageous so that is why I want to be a percussionist when I grow up. ←

In order for this to be a good career I play in the school band. I also have my own drum set. I take lyrics off the internet and play the songs on my drum set. That will be good for my career because I will have history in my passion.

I can also prepare for this career by getting good grades and practicing the drums. I do need good grades to get into college, and I need to know how to play the drums for it to be my career. I also need good hand-eye coordination.

I am going to study notes and types of instruments at Berklee. The classes I will study are Music Theory, Music History, Public Speaking, Writing, and Composing Courses. I want to go to Berklee because I heard it is one of the best colleges in the U.S.A. Good.

I really love music and I am going to do what ever it takes to be a Percussionist. I hope you pick me because it will help my life and career very much. But if you don't because there is a better paper then I understand. !

sincerely,
Bailey R. Weston
